Part 1 Apparatus of statutory undertakers, etc. on land acquired

Part 2 Protection for National Grid Gas Plc

An application has been made to the Secretary of State in accordance with the Transport and Works (Applications and Objections Procedure) (England and Wales) Rules 2000^(a) for an order under sections 3 and 5 of the Transport and Works Act 1992^(b) (“the 1992 Act”).

The Secretary of State caused an inquiry to be held for the purposes of the application pursuant to section 11 of the 1992 Act.

The Secretary of State, having considered the objections made and not withdrawn and the report of the person who held the inquiry, has determined to make an Order giving effect to the proposals comprised in the application with modifications which in her opinion do not make any substantial change in the proposals.

Notice of the Secretary of State’s determination was published in the London Gazette on 27th February 2006.

Accordingly, the Secretary of State, in exercise of the powers conferred on her by sections 3 and 5 of, and paragraphs 3 to 5, 7, 8, 11 and 16 of Schedule 1 to, the 1992 Act makes the following Order:—

(b) 1981 c. 67.

(b) any enhancement of the value of any interest in land by reason of any building erected, works executed or improvement or alteration made on relevant land, if the tribunal is satisfied that the creation of the interest, the erection of the building, the execution of the works or the making of the improvement or alteration was not reasonably necessary and was undertaken with a view to obtaining compensation or increased compensation.

SCHEDULE 1

Article 5

MODIFICATION OF COMPENSATION AND COMPULSORY PURCHASE ENACTMENTS FOR CREATION OF NEW RIGHTS

Compensation enactments

1. The enactments for the time being in force with respect to compensation for the compulsory purchase of land shall apply with the necessary modifications as respects compensation in the case of a compulsory acquisition under this Order of a right by the creation of a new right as they apply as respects compensation, on the compulsory purchase of land and interests in land.

2.—(1) Without prejudice to the generality of paragraph 1, the Land Compensation Act 1973(a) shall have effect subject to the modifications set out in sub-paragraphs (2) and (3).

(2) In section 44(1) (compensation for injurious affection), as it applies to compensation for injurious affection under section 7 of the 1965 Act as substituted by paragraph 4—

- (a) for the words “land is acquired or taken” there shall be substituted the words “a right over land is purchased”; and
- (b) for the words “acquired or taken from him” there shall be substituted the words “over which the right is exercisable”.

(3) In section 58(1) (determination of material detriment where part of house etc. proposed for compulsory acquisition), as it applies to determinations under section 8 of the 1965 Act as substituted by paragraph 5—

- (a) for the word “part” in paragraphs (a) and (b) there shall be substituted the words “a right over land consisting”;
- (b) for the word “severance” there shall be substituted the words “right over the whole of the house, building or manufactory or of the house and the park or garden”;
- (c) for the words “part proposed” there shall be substituted the words “right proposed”; and
- (d) for the words “part is” there shall be substituted the words “right is”.

Application of the 1965 Act

3.—(1) The 1965 Act shall have effect with the modifications necessary to make it apply to the compulsory acquisition under this Order of a right by the creation of a new right as it applies to the compulsory acquisition under this Order of land, so that, in appropriate contexts, references in that Act to land are to be read (according to the requirements of the particular context) as referring to, or as including references to—

- (a) the right acquired or to be acquired, or
- (b) the land over which the right is or is to be exercisable.

(2) Without prejudice to the generality of sub-paragraph (1), Part 1 of the 1965 Act shall apply in relation to the compulsory acquisition under this Order of a right by the creation of a new right with the modifications specified in the following provisions of this Schedule.

4. For section 7 of the 1965 Act (measure of compensation) there shall be substituted the following section—

“7. In assessing the compensation to be paid by the acquiring authority under this Act regard shall be had not only to the extent (if any) to which the value of the land over which the right is to be acquired is depreciated by the acquisition of the right but also to the damage (if any) to be sustained by the owner of the land by reason of its severance from other land of his, or injuriously affecting that other land by the exercise of the powers conferred by this or the special Act.”.

5. For section 8 of the 1965 Act (provisions as to divided land) there shall be substituted the following—

“8.—(1) Where in consequence of the service on a person under section 5 of this Act of a notice to treat in respect of a right over land consisting of a house, building or manufactory or of a park or garden belonging to a house (“the relevant land”)—

- (a) a question of disputed compensation in respect of the purchase of the right would apart from this section fall to be determined by the Lands Tribunal (“the tribunal”); and

(a) 1973 c. 26.

- (b) before the tribunal has determined that question the person satisfies the tribunal that he has an interest which he is able and willing to sell in the whole of the relevant land and—
 - (i) where that land consists of a house, building or manufactory, that the right cannot be purchased without material detriment to that land, or
 - (ii) where that land consists of such a park or garden, that the right cannot be purchased without seriously affecting the amenity or convenience of the house to which that land belongs,

the Felixstowe Dock and Railway Company (Land Acquisition) Order 2007(a) (“the Order”) shall, in relation to that person cease to authorise the purchase of the right and be deemed to authorise the purchase of that person’s interest in the whole of the relevant land including, where the land consists of such a park or garden, the house to which it belongs, and the notice shall be deemed to have been served in respect of that interest on such date as the tribunal directs.

(2) Any question as to the extent of the land in which the Order is deemed to authorise the purchase of an interest by virtue of subsection (1) of this section shall be determined by the tribunal.

(3) Where in consequence of a determination of the tribunal that it is satisfied as mentioned in subsection (1) of this section the Order is deemed by virtue of that subsection to authorise the purchase of an interest in land, the acquiring authority may, at any time within the period of six weeks beginning with the date of the determination, withdraw the notice to treat in consequence of which the determination was made; but nothing in this subsection prejudices any other power of the authority to withdraw the notice.”.

6. The following provisions of the 1965 Act (which state the effect of a deed poll executed in various circumstances where there is no conveyance by persons with interests in the land), that is to say—

- (a) section 9(4) (failure by owners to convey);
- (b) paragraph 10(3) of Schedule 1 (owners under incapacity);
- (c) paragraph 2(3) of Schedule 2 (absent and untraced owners); and
- (d) paragraphs 2(3) and 7(2) of Schedule 4 (common land),

shall be so modified as to secure that, as against persons with interests in the land which are expressed to be overridden by the deed, the right which is to be compulsorily acquired is vested absolutely in the acquiring authority.

7. Section 11 of the 1965 Act (powers of entry) shall be so modified as to secure that, as from the date on which the acquiring authority have served notice to treat in respect of any right, they have power, exercisable in the like circumstances and subject to the like conditions, to enter for the purpose of exercising that right (which shall be deemed for this purpose to have been created on the date of service of the notice); and sections 12 (penalty for unauthorised entry) and 13 (entry on warrant in the event of obstruction) of the 1965 Act shall be modified correspondingly.

8. Section 20 of the 1965 Act (protection for interests of tenants at will etc.) shall apply with the modifications necessary to secure that persons with such interests in land as are mentioned in that section are compensated in a manner corresponding to that in which they would be compensated on a compulsory acquisition under this Order of that land, but taking into account only the extent (if any) of such interference with such an interest as is actually caused, or likely to be caused, by the exercise of the right in question.

9. Section 22 of the 1965 Act (protection of acquiring authority’s possession where by inadvertence an estate, right or interest has not been got in) shall be so modified as to enable the acquiring authority, in circumstances corresponding to those referred to in that section, to continue to be entitled to exercise the right acquired, subject to compliance with that section as respects compensation.

(2) In settling those terms and conditions in respect of alternative apparatus to be constructed in any land of the Company, the arbitrator shall—

- (a) give effect to all reasonable requirements of the Company for ensuring the safe and efficient operation of the Felixstowe South Reconfiguration and for securing any subsequent alterations or adaptations of the alternative apparatus which may be required to prevent interference with any proposed works of the Company; and
- (b) so far as it may be reasonable and practicable to do so in the circumstances of the particular case, give effect to the terms and conditions (if any) applicable to the apparatus for which the alternative apparatus is to be substituted, have regard to National Grid Gas's ability to fulfil its service obligations and to any other reasonable requirements of National Grid Gas.

(3) If the facilities and rights to be afforded by the Company in respect of any alternative apparatus and the terms and conditions subject to which the same are to be granted are in the opinion of the arbitrator less favourable on the whole to National Grid Gas than the facilities and rights enjoyed by it in respect of the apparatus to be removed and the terms and conditions to which those facilities and rights are subject, the arbitrator shall make such provision for the payment of compensation by the Company to National Grid Gas as appears to him to be reasonable having regard to all the circumstances of the particular case.

7.—(1) Not less than 56 days before commencing the execution of any works that are referred to in paragraph 5(2) and are near to, or will or may affect, any apparatus the removal of which has not been required by the Company under paragraph 5(2), the Company shall submit to National Grid Gas a plan, section and description of the works to be executed.

(2) Those works shall be executed only in accordance with the plan, section and description submitted under sub-paragraph (1) and in accordance with such reasonable requirements as may be made in accordance with sub-paragraph (3) by National Grid Gas for the alteration or otherwise for the protection of the apparatus or for securing access thereto and National Grid Gas shall be entitled by its officer to watch and inspect the execution of those works.

(3) Any requirements made by National Grid Gas under sub-paragraph (2) shall be made within a period of 42 days beginning with the date on which a plan, section and description under sub-paragraph (1) are submitted to it.

(4) If National Grid Gas, within 42 days after the submission to it of a plan, section and description shall, in consequence of the works proposed by the Company, reasonably require the removal of any apparatus and gives written notice to the Company of that requirement, the foregoing provisions of this Part of this Schedule shall apply as if the removal of the apparatus had been required by the Company under paragraph 5(2).

(5) Nothing in this paragraph shall preclude the Company from submitting at any time or from time to time, but in no case less than 28 days before commencing the execution of any works, a new plan, section and description of the works in place of the plan, section and description previously submitted, and thereupon the provisions of this paragraph shall apply in respect of the new plan, section and description.

(6) The Company shall not be required to comply with sub-paragraph (1) in a case of emergency but in that case it shall give to National Grid Gas notice as soon as reasonably practicable and a plan, section and description of those works as soon as reasonably practicable thereafter and shall comply with sub-paragraph (2) so far as reasonably practicable in the circumstances.

8. Where, by reason of this Order, any part of any highway in which any apparatus is situated ceases to be part of a highway National Grid Gas may exercise the same rights of access to such apparatus as it enjoyed immediately before the coming into force of this Order and the Company shall grant to National Grid Gas legal easements or rights reasonably satisfactory to National Grid Gas, but nothing in this paragraph shall affect any right of the Company or of National Grid Gas to require removal of such apparatus under this Part of this Schedule or the power of the Company to execute works in accordance with paragraph 7.

9.—(1) Subject to the following provisions of this paragraph, the Company shall pay to National Grid Gas the costs, charges and expenses reasonably incurred by National Grid Gas in, or in connection with, the inspection, removal, alteration or protection of any apparatus or the construction of any new apparatus which may be required in consequence of the execution of any such works as are referred to in paragraph 5(2), less the value of any apparatus removed under the provisions of this Part of this Schedule (that value being calculated after removal), and shall also make compensation to National Grid Gas—

- (a) for any damage caused to any apparatus (other than apparatus the repair of which is not reasonably necessary in view of its intended removal in accordance with the provisions of this Part of this Schedule); and
- (b) for any other expenses, loss, damages, penalty or costs incurred by National Grid Gas,

by reason of the execution, maintenance, user or failure of those works or otherwise by reason of the exercise by the Company of the powers of this Order.

(2) If in pursuance of the provision of this Part of this Schedule—

- (a) apparatus of better type, of greater capacity or of greater dimensions is placed in substitution for existing apparatus of worse type, of smaller capacity or of smaller dimensions, except where this has been solely due to using the nearest currently available type or in compliance with the statutory obligations; or
- (b) apparatus (whether existing apparatus or apparatus substituted for existing apparatus) is placed at a depth greater than the depth at which the existing apparatus was,

and the placing of apparatus of that type or capacity or of those dimensions or the placing of apparatus at that depth, as the case may be, is not agreed by the Company or, in default of agreement, is not determined by arbitration to be necessary, then, if it involves cost in the construction of works under this Part of this Schedule exceeding that which would have been involved if the apparatus placed had been of the existing type, capacity or dimensions, or at the existing depth, as the case may be, the amount which apart from this paragraph would be payable to National Grid Gas by virtue of sub-paragraph (1) shall be reduced by the amount of that excess.

(3) For the purposes of sub-paragraph (2) an extension of apparatus to a length greater than the length of existing apparatus shall not be treated as a placing of apparatus of greater dimensions than those of the existing apparatus.

(4) An amount which apart from this sub-paragraph would be payable to National Grid Gas in respect of works by virtue of sub-paragraph (1) (and having regard, where relevant, to sub-paragraph (2)) shall, if the works include the placing of apparatus provided in substitution for apparatus placed more than 7 years and 6 months earlier so as to confer on National Grid Gas any financial benefit by deferment of the time for renewal of the apparatus in the ordinary course, be reduced by the amount which represents that benefit as calculated in accordance with the Code of Practice entitled “Measures Necessary where Apparatus is Affected by Major Works (Diversionary Works)” and dated June 1992 and approved by the Secretary of State on 30th June 1992, as revised and reissued from time to time.

(5) Sub-paragraphs (2) to (4) shall not apply where the authorised works constitute major transport works for the purposes of Part 3 of the New Roads and Street Works Act 1991(a), but instead—

- (a) the allowable costs of the construction of works under this Part of this Schedule shall be determined in accordance with section 85 of that Act (sharing of cost of necessary measures) and any regulations for the time being having effect under that section; and
- (b) the allowable costs shall be borne by the Company and National Grid Gas in such proportions as may be prescribed by any such regulations.

10. If in consequence of the exercise of the powers of this Order the access to any apparatus is materially obstructed the Company shall, so far as reasonably practicable, provide alternative means of access to such apparatus which is no less convenient than the access enjoyed by National Grid Gas prior to the obstruction.

11.—(1) Where, by reason of the stopping up of any highway, any apparatus belonging to National Grid Gas and laid or placed in such highway or elsewhere is rendered derelict or unnecessary, the Company shall, subject to sub-paragraph (2), pay to National Grid Gas the then value of such apparatus (which shall thereupon become the property of the Company) and the reasonable cost of and incidental to the cutting off of such apparatus from any other apparatus, and of and incidental to the execution or doing of any works or things rendered necessary or expedient by reason of such apparatus being so rendered derelict or unnecessary.

(2) The Company shall not under the provisions of this paragraph be required to pay to National Grid Gas the value of any apparatus rendered derelict or unnecessary if, to the reasonable satisfaction of National Grid Gas, other apparatus has at the expense of the Company been provided and laid and made ready for use in substitution for the apparatus so rendered derelict or unnecessary.

12. Any difference arising between the Company and National Grid Gas under this Part of this Schedule shall be referred to and settled by a single arbitrator to be agreed between the parties or, failing agreement, to be appointed on the application of either party (after notice in writing to the other) by the President of the Institution of Civil Engineers.

13. Nothing in this Part of this Schedule shall affect the provisions of any enactment or agreement regulating the relations between the Company and National Grid Gas in respect of any apparatus laid or erected in land belonging to the Company on the coming into force of this Order.
