10.23 REPORTING

The Local Traffic System is administered through Harwich VTS and assists in the separation of vessel traffic and shall be followed by the Master of every vessel bound to or from the Haven Ports, and every vessel in transit through the Authority's Area. Notice for arrival and departure for vessels over 50GRT is the same for all vessels, irrespective of whether the services of a pilot are required.

10.24 ARRIVAL

From Agent:

At least 24 hours before arrival or at time of leaving last port - Provisional ETA and pilotage requirement; notification of dangerous substances in transit through Harwich Harbour.

Ships bound for Felixstowe and requiring a pilot shall notify Harwich Haven Authority eight hours in advance, giving ETA at the 'Sunk' or 'Cork' Pilot Stations, as appropriate. Also included in the ship's initial message must be her length overall, gross tonnage, maximum draft, security level, persons on board, departure port and destination port.

Confirmation of ETA should be given on VHF Channel 9 at least 2 hours before arrival at the Pilot station. Failure to provide the ETA and subsequent confirmation could result in delay to the ship.

In the case of a ship engaged in the short-sea trade, the initial ETA may be passed at the time of leaving the last port of call, if passage time is less than 8 hours.

A ship having complied with the above conditions and then having anchored before embarking a pilot, must give Harwich Haven Operations adequate notice of requiring the services of a pilot. Failure to give such notice could result in delay to the ship.

Outward bound ships, or ships moving within the compulsory area, which require the services of a pilot, shall give at least two hours' notice of their Estimated Time of Departure. Within this two hour period, ships are required to update Harwich VTS with regard to information on the original ETD and confirm the requirement for a pilot 30 minutes before a vessel's actual departure time. Masters should be aware that a pilot will not be sent until this 30 minutes' notice is given. Contact can be made on VHF Channel 9 or Telephone +44 (0)1255 243111.

The boarding position will be agreed with Harwich VTS, having due regard to the size and draft of the ship and the prevailing circumstances. For ships arriving from the North via the Shipway and small or medium-sized ships from the South, the normal pilot boarding point is the 'Cork' Pilot Station, which is 2 miles ENE of the Harwich Approach Buoy. Large or deep-drafted vessels will normally be expected to board their pilots at the 'Sunk' Pilot Station.

Boarding and landing will take place from pilot launches operating from Harwich Harbour. The launches will have the words 'Harwich Haven Pilots' on the side of the wheelhouse, fly the pilot flag by day and exhibit lights and signals in accordance with Rule 29 of the International Regulations for Preventing Collisions at Sea.
